

ANGMP Interiors

JOINERY SPECIALISTS DIVISON

Thank you for your interest in ANGMP Interiors Joinery Division. Over the last 38 years we have focused on providing the highest level of customer service to our clients.

We offer a full professional managed service and we aim to make the entire process easy and enjoyable as practically possible. We do this through a combination of management processes (ISO 9001 accredited), and years of experience that ensures we can deliver any size of project and our impressive portfolio of previous work demonstrates this.

This coupled with our excellent health, safety and environmental policies and records has enabled us to meet the supply chain criteria for many blue chip companies, contractors and hoteliers.

Our track record is proven by returning clients, which we hold an excellent record and collaborative relationships with a large amount of clients we have worked with for many years, this is in our DNA and obsession with getting projects delivered that exceed expectations and with our zero snag and harm campaigns.

We are committed to ensuring that we continue to offer the very best service possible to our clients and I hope we will have the opportunity to work together.

T e r r y R o o k e

What We Do

We work closely with designers, architects and contractors to provide a complete service for their installation requirements.

A production facility provided to house the joinery unit. Modern joinery machines, including CNC units and Automatic Spray Machines.

We offer a complete or partial service specialising in luxury hotel fit-out, office developments, residential apartments, luxury spas, F&B, schools and colleges.

We have the skills, knowledge, flexibility and resources to meet all the challenges that occur throughout the wide variety of projects that we undertake.

Adaptability

We provide flexible cost effective service to our clients in the option in line with their preference.

DESIGN AND BUILD

We ensure speed and seamless coordination between our trades. Our clients are provided with schedule of works and other documentations for transparency and for being fully informed of the workflow associated to the project.

CONTRACTOR

We can alternatively provide contractual work as contractor and sub-con and carry work managed by others whether a complete fit-out or a particular element.

Client Focused Approach

We are completely focus on providing excellent customer service prior, during and after completion of the projects.

Our first rate management team provides only the best procedures to ensure project are delivered to client's expectations. Also, our construction values are always under our client's rate.

We build bridges to our clients by doing our best efforts to deliver works within their expectations as we treat every job as our ticket to future business with them.

We have worked on countless impressive projects spanning the past 38 years which includes:
